Activities

Arco Iris is an LGBTQ+-friendly community that supports a diverse and welcoming environment at Meiji University.

We offer two types of activities: offline events and online events.

For offline events, we host dinner gatherings, café meetups, hiking events, karaoke nights, and sports events.

For online events, we organize LGBTQ+-related discussion or study sessions, casual chat sessions, and game events.

Activity Place

We do not have a designated activity space.

Schedule

We do not have a fixed schedule. We typically hold 2-3 events per month.

Free Space

We welcome everyone - including allies and students from all grades. Students who commute from Nakano or Ikuta campuses are also more than welcome to join.

Our events are not limited to Surugadai or Izumi, and attendance is never mandatory. Feel free to join us anytime!

The railroad research club is a place, where people who have interest in mainly railroad, but also other transportation and traffic, gather to have fun sharing one's interest with each other, and together we enjoy model railroading, playing train simulators, and more. The most exciting event of all, is the train travels we go together three times a year. We go somewhere in the Kanto-Koshin region in spring and winter, and somewhere in Japan in the summer. (We went to Tochigi and Kochi last year.) We also publish "The Coupler", our Journal about railroad every year.

Activity Place

Clubroom of either Izumi campus or Ikuta campus.

Schedule

Twice a month, usually on a Saturday.

Free Space

If you have interest in Japanese trains or foreign trains, like taking photo of trains or going on train travels, like researching about rolling stocks or railroad lines, or have interest in anything else railroad related, as long as you have love and passion for railroad, you are highly welcome! If you are a railroad fan, the railroad research club is the best place to enjoy your university years, here at Meiji University.

Activities

- Growing vegetables at a farm near Kurokawa Station
- Cooking with the vegetables we grow
- Other events like hot pot party

Activity Place

A farm near Kurokawa Station

(The specific location will be announced during the new student orientation.)

Schedule

Every week on Sunday from 9 AM to 12 PM

We require participation at least once a month.

Free Space

【Activity Purpose】

• In typical farm practice classes, it is not unusual for students to just harvest crops that have grown without much awareness. However, we believe true “farming” involves observing crops grow daily and nurturing them while engaging with the surrounding environment, including soil and ecosystems. This club aims to help students experience the fulfillment of “farming” by taking full charge of the entire process—from planting vegetables to harvesting them—and then cooking with the harvested produce.
