I. How did you find the information to prepare for your departure? Please report and give some advises for future exchange students going abroad on what they need to know and be informed.

I heard from a senpai who went to Korea University for an exchange student program. Also, I checked the notice regarding the University-wide study abroad program.
 It would be better to prepare TOEFL scores in advance because there is time pressure on the application

V. Course registration and classes

1. When and how did you register your courses?

Before departure (approximate date: month day)
 Online Filling out an application form Not allowed to register other()

After arriving (approximate date: around month day)
 Online With support by International office at the host university
 Not allowed to register other()

Was there any priority as an exchange student? Yes No

If your answer is Yes, please report on the details.

If the number of exchange/visiting students who have selected a specific course during the Preferred Course Listing are equal to or below the number of quota available to exchange/visiting students, the course will be automatically registered (The quota for exchange/visiting students is usually 15% of total enrollment in each class).

However, if the number of exchange/visiting students who selected the same course exceeds the quota, all exchange/visiting students will be removed from the list. They will need to register the course again during the Course Registration Period. This is the same for KU regular students (they are limited depending on their year of enrollment).

-> In my case, all the courses did not exceed the quota so it was not difficult to register for courses that I wanted to take.

If your answer is No, how did you register your classes?

If you had registered the courses before departure, could you change or add any classes after arriving? Could you register all the classes which you wished to attend?

VII. Feedbacks from the beginning of the program to the present
Please give us any feedbacks on the host university, your program, classes, dormitory, and your life abroad.

I am very satisfied with the school class. The contents of classes are good even online.
There was no orientation due to the corona situation, but Korea University Buddy Assistants (KUBA) help exchange/visiting students adjust to Korea University life.

Please give some advice to the students who are willing to study abroad at the same host university in the future.

Since the school campus is large, it is not easy to find a classroom, so I recommend visiting the campus in advance.

Korea University Global Services Center offers a mentoring program for providing good guidance and counseling, so I recommend applying to the program.
