VII. Feedbacks from the beginning of the program to the present

Please give us any feedbacks on the host university, your program, classes, dormitory, and your life abroad.

You need to research food first, and the food here is not good, so I recommend you to get the lowest plan for the meal plan.

Please give some advice to the students who are willing to study abroad at the same host university in the future.

Life is too short, if you want to study abroad, this is the best timing. Do not regret, do not lived by other's opinions, decide by yourself, and once you decide it you need to tenaciously keep going and never give up. Good luck on your study abroad plan, which is critical part of your life journey.
