

i-meeting

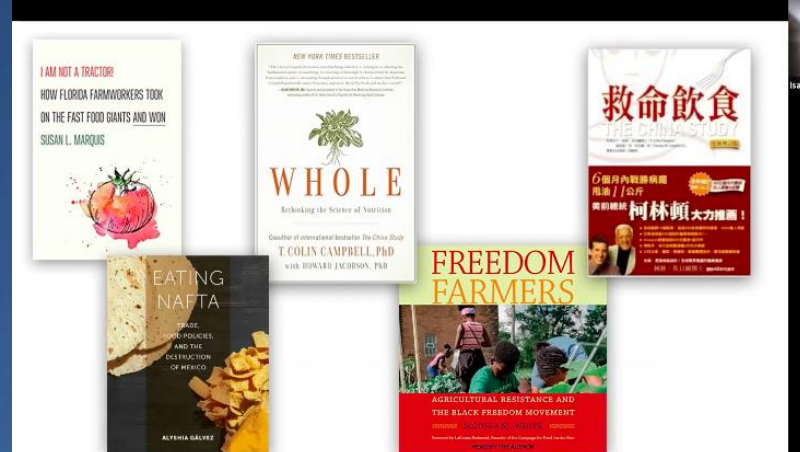

2021年度第1回のi-meetingは郝先生と郝研究室の運営により、5月28日(金)にZoomで開催されました。

今回は初めてのオンラインi-meetingで、総勢45名の学生・教職員が参加しました。最初は参加者が英語での自己紹介を行い、その後、アメリカのノースカロライナ大学の学生から、食料安全保障・食の正義・食料主権問題についてのプレゼンをしていただきました。最後に、日米のフードシステムと健康について各自の意見交換を行い、交流しました。コロナ禍で海外渡航が難しい現在、他文化と交流でき、参加者全員が満足したi-meetingでした。

i-meeting

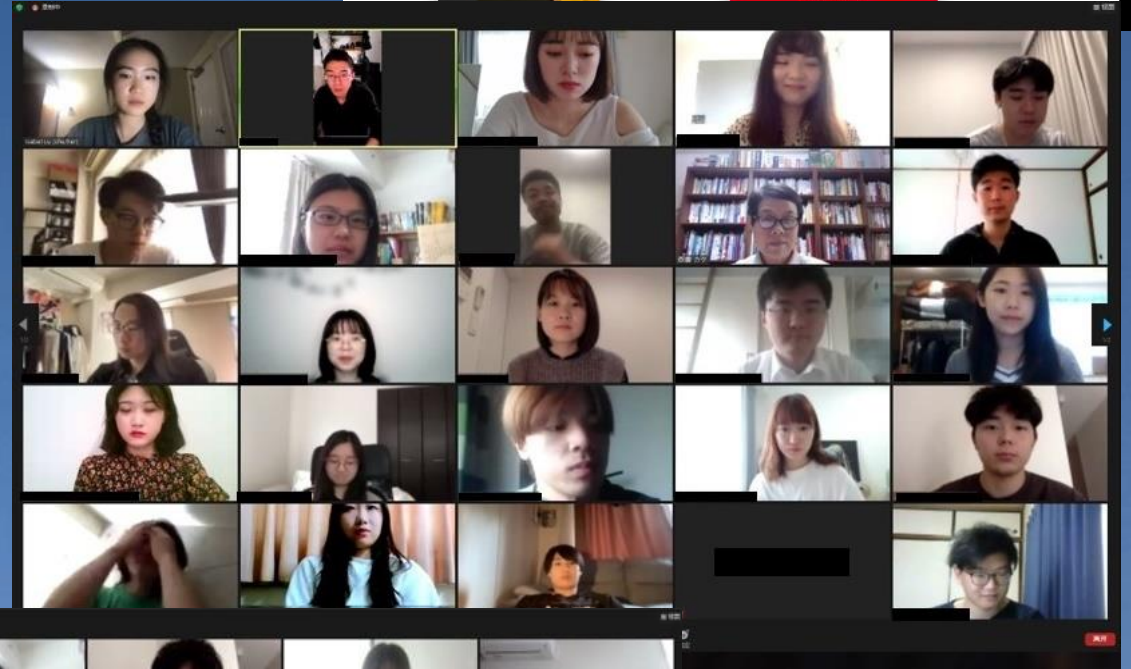

The 1st i-meeting in 2021 was coordinated by Prof. Hao and the students from her seminar, and it was held by ZOOM online on 28 May, 2021.

This was our first online i-meeting. A total of 45 students, faculty and staffs participated in this i-meeting. At first, the participants introduced themselves in English. After that, a student from the UNC, USA, gave a great presentation on food security, food justice and food sovereignty.

After her presentation, students from different countries exchanged information and shared their own ideas about the food system and health in Japan and the U.S.

Because of the Covid-19, it is difficult to travel abroad. So it was a great opportunity for all participants to interact with other cultures. The participants were all satisfied with this meaningful i-meeting.
