

Meiji University Export Control Determination Sheet

This sheet is for Determination as stipulated in Article 13 of Meiji University Export Control Regulation.

As a result of Prior Inspection (Sheet1), **If additional confirmation is required** regarding Transactions (Export of Goods (Equipment, etc.) to overseas (Sending, carrying, etc.), Provision of Technology (Information) overseas, accepting and sending students, and Provision of Technology (Information) to Non-Residents, etc.) with overseas, please make sure to judge the Transactions by yourself **BEFOREHAND** and submit the result to the Director of Department, etc..

<Determination procedure>

(1) In the "Name of Transactions, etc." column, please write briefly about Transactions with overseas you intend to perform.

(2) Check the contents and performance of Transactions with overseas you intend to perform against the laws and regulations (Reference the back side) and check **[A]**, The section number in Appended Table 1 in Export Trade Control Order (Sending or carrying goods) or in Appended table in Foreign Exchange Order (Providing the technology) and Determination

(3) Even without a checked number, please fill in the relevant part of the law, the specification (performance) of the goods exported and the technology provided, and the Determination Results in **[B]**, Comparison table column, for the term number which appears to be close due to the nature of the contents of Transactions.

(4) Based on the results of (2) and (3), please select the items which is appropriate from **[C]**, Additional Confirmation and Procedure.

(5) Write the date of determination and Department/School Affiliation in the Confirmation column, and sign or affix your name and seal.

Notes on Determination

Reference: Export Control by METI <http://www.meti.go.jp/policy/anpo/>

[A] The section number in Appended Table 1 in Export Trade Control Order (Sending or carrying goods) or in Appended table in Foreign Exchange Order (Providing the technology) and Determination

In order to determine whether or not the goods exported are included in the List Controlled Goods, please check Appended Table 1 in Export Trade Control Order (Cabinet Order No. 378 of 1949).

For confirmation, it is convenient to use a matrix table published on the website of METI.

For more information, see http://www.meti.go.jp/policy/anpo/matrix_intro.html

In order to determine whether or not the technology provided is included in the List Controlled Technology, please check Appended Table in Foreign Exchange Order (Cabinet Order No. 260 of 1980)

For confirmation, it is convenient to use a matrix table published on the website of METI.

For more information, see http://www.meti.go.jp/policy/anpo/matrix_intro.html

[B] Comparison table

In order to determine whether or not the technology provided or the goods exported fall under the List Controlled Technology or the List Controlled Goods, please check the applicable parts of Ministerial Order Specifying Goods etc. (Ministerial Order Specifying Goods and Technologies Pursuant to the Provisions of the Appended Table 1 of the Export Trade Control Order and the Appended Table of the Foreign Exchange Order (Order of the Ministry of International Trade and Industry No. 49 of October 14, 1991)), Operation Notice, and Service Order.

For confirmation, it is convenient to use a matrix table published on the website of METI.

For more information, see http://www.meti.go.jp/policy/anpo/matrix_intro.html

*Keep the following in mind:

- (1) Please refer to the relevant sections to identify the related sections in Export Trade Control Order or Foreign Exchange Order, Ministerial Order Specifying Goods etc., Interpretation notice, and clarify the comparison with the technology and goods specifications (performance).
- (2) In particular, the numerical values should be stated so that the relationship between the technical values and the standards can be understood.
- (3) Please attach a document that shows the specifications (performance) of the technology and goods supporting the description.
