	Measures against	Measures against Novel Coronavirus Infections					
	Novel し お知らせ	We would like to inform you that Meiji University has decided to lower the current level of the Meiji University Activity Restriction Guidelines from Level 1 to Level 0 starting on April 1, 2023, in conjunction with the start of the spring semester. This means that various infection prevention measures taken by the university will be gradually relaxed during the "transition period" from April 1 to May 7, 2023.

	2028/08/24 09:88 NEW ● グループトピック【Measures aga Novel Coronavirus Infections】が追 れました 2028/08/28 11:18 NEW ● 「* This page is currently being updated」が更新されました	Important Update on Policy for Wearing Masks after April 1st: Since March 13 of this year, the Japanese government has revised its policy on the wearing of masks and has said that it will leave the decision on wearing masks up to each individual. This policy will be applied to schools from April 1 of this year. In response to this policy, Meiji University will basically no longer require students or faculty members to wear masks after April 1 of this year. However, in line with government policy, wearing a mask is recommended in certain situations, such as when riding a crowded train. Meiji University may also recommend wearing a mask in certain circumstances. When this happens please assess the situation and make a decision for yourself, as appropriate.

You need to "self-enroll" to see class contents and join the first class.

- This is not an official course registration. This is only a supplementary method to join the first week of classes. You need to register for courses during the course registration period using a registration system.
- You can self-enroll for any courses including courses that you originally cannot register for. Please be aware of which courses you can register and cannot.
- For details of course registration, make sure to watch the guidance and read "Course Registration Handbook"
