Smart Connectivity and Computing Workshop

NexusForum EU-Japan Event 2025

We warmly invite you to participate in the “Smart Connectivity and Computing Workshop” organised by the NexusForum.EU, a [Horizon Europe](#) Coordination and Support Action, supporting the [European Cloud-Edge-IoT Initiative](#).

- **When:** 31.03.2025, 09:00 – 17:30
- **Where:** Global Front Building, Surugadai Campus, Meiji University, Tokyo, Japan
- **Full information:** <https://inpacehub.eu/eu-japan-digitalweek-2025/>
- **Registration:** Free but mandatory

The Smart Connectivity and Computing Workshop is part of the [EU-Japan Digital Week 2025](#), an initiative supporting by the EU-Japan Digital Partnership. This week of events will serve as a key platform for dialogue and collaboration on Smart Connectivity and Computing, 6G Development, Policy, Trusted Data Exchanges in Cities, Data Spaces, and Trustworthy AI. Bringing together experts from Japan, the European Union, and wider Indo-Pacific countries, the EU-Japan Digital Week will feature a diverse programme of workshops and discussions, contributing to a more connected, innovative, and sustainable future for all regions involved.

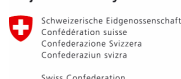

The Smart Connectivity and Computing Workshop will host presentations and enlightening panel discussions by professionals and experts from industry, academia and government bodies to discuss the current landscape, share best practices, and explore collaboration opportunities in open-source technologies, industry verticals, and cross-cutting topics. The topics of this workshop will range from innovations in Japan’s cloud-edge landscape, to discussions on cutting-edge research topics and innovations emphasizing open-source initiatives and collaborative efforts as well as discussions on EU-Japan policies, funding opportunities to foster research, innovation and development. This full day of event will be lined with presentations, discussions and debates to kick off the series of events through the week fostering EU-Japan digital collaborations.

[Register now](#) and join us in Tokyo this spring for the **Smart Connectivity and Computing Workshop**.
