Temple University

Temple University is a state university, founded in 1884, has its main campus in Philadelphia, Pennsylvania, USA.

It is one of the largest schools in the United States, with eight campuses in Pennsylvania, Tokyo and Rome.

The Center for the Advancement of Teaching

The Center for the Advancement of Teaching (CAT) is the central educational development center at Temple University, serving all of Temple's 17 colleges and all 8 campuses, including campuses abroad. The work the center does aligns with and supports Temple University's commitment to academic quality by promoting the value and practice of excellent teaching that facilitates student learning, development, and growth. CAT's programs, services and resources support evidence-based teaching and curricular practices in all modalities, including the effective use of teaching technologies, and offer opportunities for faculty and Teaching Assistants to learn from the experience and expertise of their colleagues. The center also supports the Scholarship of Teaching and Learning (SoTL) on campus, helping to develop faculty's knowledge on how to conduct SoTL research and managing the Umbrella IRB that allows for streamlined approval for these projects. The center director also provides guidance and thought leadership to the university's senior leadership regarding matters related to teaching and learning.
